

## **Beyond the Barre's New Policies & Procedures for COVID-19 2021-2022**

*In addition to our traditional Rules & Regulations, please take a minute to read this document to familiarize yourself with our new procedures. We ask that you share this information with your dancer so that they are aware of the new studio policies. It is important that we all work together to provide a positive and welcoming experience for everyone in typical BTB fashion while maintaining our distance and keeping our dance families and staff safe!*

### **Things we are doing to keep you safe!**

- Teachers will be wiping down all surfaces, door handles and cubbies at the start and end of each day to ensure that our space stays disinfected and clean. Any items left behind will be kept until the end of each month and then all remaining lost and found items will be discarded.
- We are now allowing parents to enter the lobby to drop their child off. All dancers who are old enough to enter the building on their own may do so. Please enter the studio no more than 5 minutes prior to the start of your class.
- Per CDC guidelines, masks are not required for vaccinated individuals, but they are suggested for those who have a compromised immune system or at your discretion. This applies to dancers, teachers and parents entering the studio.
- As new guidance is released, BTB will adapt their policies as necessary and you will be notified via email of the changes.

### **Things we are asking you to do to keep everyone safe!**

- We are asking that parents please pick up and drop off your dancer in a timely manner. There will be no loitering in the studio lobby and please be courteous of keeping your distance from others.
- Please have your dancer arrive and leave in their dance clothes. They will put on their dance shoes once they enter the studio.
- Please have your dancer bring a lidded water bottle that is labeled with their name. They are allowed to bring a small bag into the studio their water, dance shoes and a personal hand sanitizer. As always, no other outside food or drink is allowed into the studio or lobby.
- Dancers must use hand sanitizer or wash their hands when they enter and exit the studio. Please bring your own.
- Please keep your dancer at home if they are not feeling well. It is at the teacher's discretion if they feel the child should not remain in class due to noticeable symptoms.
- We will be practicing social distancing while dancing and class sizes will be limited to ensure there is adequate space between dancers.

*Thank you for your continued patience and understanding through all of these new changes. We appreciate everyone's commitment to safety and we can't wait to welcome you to Beyond the Barre Dance Academy!*

**By Registering for our 2021-2022 season, you understand and agree to follow the policies Beyond the Barre has put into place in order to keep our dancers and staff safe. You also agree to allow your dancer(s) to participate in class knowing the risks involved per the signed waiver in the portal upon registration. In the event that the studio is mandated to close, tuition and class opportunities will be assessed and communicated appropriately.**
